Departing 20th January 2014 for 5 nights on the "Astor"

A short break holiday is ideal in the January warm weather and is a great way to relax so why not join ASTOR and cruise the WA coast to Esperance and Albany. ASTOR will first call at Esperance. Recently nominated as the second best town in Australia, Esperance is renowned for its scenic beauty. Among its most famous beauty spots is Australia's whitest beach, Lucky Bay - set against a stunning seascape of 110 islands of the Recherche Archipelago.

The breath-taking beauty of Albany's rugged coastline will create a fitting backdrop from the viewing deck as ASTOR sails into Albany. With its dramatic whaling, convict and settler history Albany will give you a sensational south coast adventure.
